Professional Aquatic Weed Control Services

Dear Lake Shore Property Owner,

4-16-2023

The intent of this letter is to notify you that the Minong Flowage Association has hired Northern Aquatic Services, an herbicide application company for hire, to treat the nuisance exotic Eurasian Watermilfoil (EWM) in the Minong Flowage. The WI-DNR is reviewing a permit application to treat roughly 24 acres of EWM in the Minong Flowage based on fall 2022 & spring 2023 plant mapping data. The herbicides to be used will be 2,4D Amine 4 and/or Tribune, both are labeled for aquatic use by the Environmental Protection Agency. Any water usage restrictions for the treated areas will be posted on yellow signs in that area.

The permit application requires all property owners adjacent to the treatment area be notified that the permit application is being made and that they may obtain a copy of the application to personally review. The planned treatment is in accordance with the lake's Aquatic Plant Management Plan to control Eurasian watermilfoil.

Application of aquatic herbicides would occur between May 1 and June 30, 2023.

If you have any questions you may contact Northern Aquatic Services at 715-495-5252, Lake Education and Planning Services (Dave Blumer) at 715-642-0635, or the WI-DNR Aquatic Plant Specialist, Austin Dehn at 715-919-8059. Chemical fact sheets are available upon request or at <http://dnr.wi.gov/lakes/plants/> .

Sincerely,

Dale Dressel
Northern Aquatic Services
